

Venkata Rao Kondepi

Full Stack JavaScript Developer

+91 8074993724 venkat.kondepi@gmail.com

Intro

A passionate, aspiring software developer with Full Stack JavaScript Developer, driven by a deep love for coding and a desire to create meaningful software solutions. With a solid foundation in JavaScript programming and a comprehensive understanding of the full software development lifecycle, I am dedicated to bringing innovation and efficiency to the digital landscape.

Training and Certification

Completed the Full Stack JavaScript Developer training and certification program by AttainU.

Educational Background

Aa Education	≡ University/Board	≡ College / School	≡ Month & Year of passing	≡ Percentage
<u>BTech</u> (ECE).	JNTU Kakinada	St.Ann's Engineering College	November 2013	60.00%
<u>Intermediate</u>	Board Of Intermediate Education, Ap	Vignana Bharathi Junior College, Chirala, Prakasam, A.P	March 2009	72.00%
<u>SSC</u>	Board of Secondary Education	SriSrinivasa Public School, Boyinavari palem	March 2008	68.66%

Technical Skills

- 🎯 **Programming / Markup Languages:** 💻 JavaScript (ES6+), 🌐 HTML5, 🎨 CSS3
- 🎯 **Front-end Technologies:** ⚛️ React
- 🎯 **Back-end Technologies:** 💻 Node.js, 🚀 Express.js
- 🎯 **Databases:** 📁 MongoDB, 🗄️ MySQL
- 🎯 **Version Control:** 📝 Git, 🐙 GitHub
- 🎯 **Web Services & APIs:** 🌐 RESTful APIs, 📄 JSON
- 🎯 **Development Tools:** 💻 Visual Studio Code, 📧 Postman
- 🎯 **Foundations:** 🐧 Linux basics, 💡 Data Structures and Algorithms

Projects

TalentConnect: Empowering Careers and Opportunities

Summary:

Developed a comprehensive web-based job portal platform to connect job seekers with employers, facilitating seamless recruitment processes and enhancing the overall job search experience. The project aimed to provide a user-friendly interface, robust search functionalities, and efficient communication channels for employers and job seekers.

Technologies Used:

- Front-end: React, HTML5, CSS3, JavaScript
- Back-end: Node.js, Express.js
- Database: MongoDB, MySQL
- Version Control: Git, GitHub
- Web Services & APIs: RESTful APIs, JSON
- Development Tools: Visual Studio Code, Postman

Roles and Responsibilities:

As a Full Stack Developer, my role involved:

- Collaborating with the team to define project requirements and system architecture.

- Implementing responsive and visually appealing user interfaces using React, Angular, HTML5, CSS3, and JavaScript.
- Developing the back-end functionality using Node.js and Express.js, ensuring seamless communication with the front-end components.
- Designing and integrating databases, utilizing MongoDB and MySQL, to efficiently store and retrieve job listings, candidate profiles, and application data.
- Conducting testing, debugging, and code reviews to ensure high-quality code and resolve any issues.

TalentConnect showcases the effective utilization of modern technologies and a collaborative team effort to create a robust job portal platform.

BlogVibes - Empowering Ideas, Inspiring Community

Summary:

Led the development of a dynamic and user-centric blogging portal, creating a platform for content creators to share their ideas, engage with readers, and foster a vibrant online community. The project aimed to provide a seamless and visually appealing experience for both writers and readers, fostering an environment that encourages creativity, collaboration, and knowledge sharing.

Technologies Used:

- Front-end: React, HTML5, CSS3, JavaScript
- Back-end: Node.js, Express.js
- Database: MongoDB, MySQL
- Version Control: Git, GitHub
- Web Services & APIs: RESTful APIs, JSON
- Development Tools: Visual Studio Code, Postman

Roles and Responsibilities:

As the Lead Full Stack Developer, my responsibilities included:

- Collaborating with the team to define project requirements, set milestones, and establish the overall architecture of the BlogVibes platform.

- Implementing responsive and visually appealing user interfaces using HTML, CSS, and JavaScript, with React as the primary front-end framework.
- Developing the back-end functionality using Node.js and Express.js, ensuring seamless communication with the front-end components and integration with the chosen CMS.
- Designing and implementing a scalable and efficient database structure, utilizing MongoDB and MySQL, to handle blog posts, user profiles, and comments.
- Integrating user authentication and authorization features to ensure secure access and management of user accounts and content within the BlogVibes platform.
- Conducting thorough testing and debugging to ensure the stability, performance, and overall quality of the BlogVibes platform.

BlogVibes encapsulates the innovative use of modern technologies and the collaborative effort of a skilled team to create an engaging and vibrant blogging platform.

Personal Information

Full Name: Venkata Rao Kondepi

Father's Name: Venkateswarlu Kondepi

Date of Birth: 31st August 1992

Gender: Male

Marital Status: Single

Languages Known: Telugu, English.

Permanent Address:

D.No.91-1-I, Boyinavari palem,
Ipurupalem Post,
chirala Mandal,
Prakasam Dist,
Andhra Pradesh –523166.
